PAX is a nonprofit organization based in Utrecht, the Netherlands. As the country's largest peace organization, PAX brings people together who have the courage to stand for peace. Everyone who believes in peace can make a very real contribution. For example by signing a petition for nuclear disarmament, supporting peace activists in conflict areas or organizing a local event. Each year, tens of thousands support our activities.

Strategic alliances

PAX believes in the strength of cooperation. Therefore we are active in various alliances at local, national and international levels. Our international alliances include:

- ◆ Freedom from Fear with Amnesty International
- ◆ ICAN
- ◆ Campaign to Stop Killer Robots
- ◆ Crisis Action
- ◆ Toxic Remnants of War
- ◆ PAX Christi International
